BIOSCIENCES

## Prior Authorization & Benefit Verification Services

The Imbed Biosciences Prior Authorization Program is a critical step for patients and providers when utilizing Imbed wound care products.

Services include:

### **Provider training**

- Overview of wound care standard of care including surgical, burn, and chronic wounds
- Medical necessity documentation requirements
- Common insurance company clinical/medical necessity requirements
- Essential CPT and HCPCS codes
- Internal/External Appeals, and Administrative Court Hearings
- Provider communication preferences, frequency, and point of contact

### **Prior Authorization Services**

- Benefit verification
- Medical record/necessity review
- Prior authorizations and predeterminations (Including EOB review)
- Internal & external appeals
- Medicare Advantage Administrative Law Judge Hearings

### **Enroll in the Imbed Biosciences Patient Prior Authorization Program**
